### **Future Direction of the Congregation**

The directional statement was the result of a congregation-wide consultation before the Chapter and intense dialogue and prayerful reflection during the Chapter. The directional statement will be shared on the congregational website when all translations have been completed. The newly elected general council will lead the congregation in implementing the Spirit-inspired direction set by the Chapter members.

“This Chapter and our directional statement for the future have been an act of love, a love that gives everything, gladly and gratefully,” Sister Roxanne said. “In that spirit, in the spirit of our Foundress Blessed Theresa Gerhardinger, and through the power of the Holy Spirit, we are committed with the entire congregation to follow the direction that God has given us and live into the future what this directional statement and these Acts of the Chapter call us to be and to do – out of love that gives everything.”
