### **A memory I would like to share...**

All of my years as an SSND are filled with wonderful memories of community, prayer and ministry. The ones that jump out at me are of my 50 years teaching God's little ones in the first and second grades, especially those who found reading very difficult. My own struggles with a lifetime of dyslexia made me very understanding of their challenges and very proud of their victories. Of course, I loved leading them in their growing belief in and love for their Heavenly Father!
