Ocean of Love where  
heart meets heart...”*

## Ann Jerome Bisek, SSND

*50 Years*

**S***ister Ann Jerome served in Wisconsin as an elementary teacher at parochial schools and as a catechist for parish religious education programs in Rudolph, Black River Falls, Milwaukee, Dousman and Wauwatosa. She moved into the role of administrative support to the SSND provincial offices in Milwaukee and later served as general secretary at the SSND Generalate in Rome, Italy. She returned to Wisconsin and currently provides administrative support for the Central Pacific Province on the Notre Dame of Elm Grove Campus.*

### **I have been blessed with opportunities**

afforded me to broaden my horizons through prayer experiences, education, travel, service to the church and the SSND Congregation (Province and Generalate), and meeting sisters in our congregation and other congregations. It has been an enriching life.

### **I want to share my gratitude to God**

and to the sisters for our life together over the last 50+ years. Since my entrance as a freshman into the SSND aspiranture in 1956, change has been a constant in our lives from early formation onward. Year after year has seen a change in the way religious life is lived out, from the full blossoming in the 1950s and 1960s to the gradual fulfillment in the elder years. The new is constantly replacing the old in the world around us. Let us pray that God will raise up new workers in the vineyard.
