JUBILEE WISDOM

*My vocation to religious life
as a School Sister of Notre
Dame is a pure gift from God.*

-Margaret Roozen, SSND

Margaret Roozen, SSND

50 Years

Sister Margaret began her ministry as an elementary teacher at Immaculate Conception School in Forsyth, Montana. For the next 17 years she served as a teacher, administrator and religious education director in schools in Rogers, Comfrey and Forest Lake, Minnesota. In 1981, Sister Margaret joined the staff at St. James Parish in St. Paul, Minnesota as Assistant Director of their Sandcastle Child Care Program. During that time, she became a licensed foster parent. In 1995, Sister Margaret founded Li'l Farm Children's Home in Cambridge, Minnesota, a temporary home and hobby farm for children who need a safe place to live. She continues to serve the community and church through ongoing ministry at Li'l Farm.

As School Sisters of Notre Dame,

"we are sent to make Christ visible by our very being." (You Are Sent, C 4)
My vocation to religious life as a School Sister of Notre Dame is a pure gift from God. It is not dependent on my goodness. I am grateful for this awesome gift and to all who support me with kind words, goodness, and faith. Deo Gratias!

The jubilee wisdom I would like to share

is that we all make a difference in some way with every experience in life and that I have come to rely on God even more with a grateful heart.
