JUBILEE WISDOM

My life has been greatly enriched as I have been “called and sent” to find God in all I am and all I do.

Susan Hetebrueg, SSND

50 Years

Sister Susan taught for 18 years with Wisconsin Catholic schools in the Burlington, Mequon, Campbellsport, Milwaukee and West Bend. She served the SSND community for 12 years by directing initial formation at the Milwaukee motherhouse and managing pastoral care at Notre Dame of Elm Grove. Sister Susan was a pastoral minister at parishes in Winnebago and Mapleton, Minnesota; and a director of adult enrichment at a parish in Madison, Wisconsin. Currently, she ministers as a pastoral associate at Our Lady Queen of Peace Parish in Madison.

During my 50 years as a School Sister of Notre Dame,

I have been blessed to belong to an international community. Together, we respond to the needs of the people of God, striving to carry out the mission of Jesus through education and social justice. I have had many educational opportunities to support me in my various ministries and to help me grow in my relationship with God. I have ministered in a variety of ways – classroom education, formation programs and parish ministries. My life has been greatly enriched as I have been “called and sent” to find God in all I am and all I do.
