

2012 Jubilee

First Profession
July 17, 1952

JUBILEE WISDOM

Wisdom allows me to share the deepening of my relationship with God.

-Beverly Ann Fries, SSND

-formerly S. Mary Roy

Beverly Ann Fries, SSND

60 Years

Sister Beverly began her ministry as a primary school teacher at St. Albert School in Albertville, Minnesota. For the next 57 years she taught at the intermediate and junior high level at schools in Washington, Minnesota and Iowa. In 2003, Sister Beverly moved from classroom teaching to tutoring at Menlo Park High School in Minneapolis, Minnesota. She continues serving the greater community through prayer, presence, part-time tutoring and volunteer ministry in Minneapolis' Foster Grandparent Program.

A blessing of my jubilee years I want to share

is my gratefulness for the many opportunities given to me, to work in the field of education and to understand the diversity across cultures.

The wisdom I would like to share is

the deepening of my relationship with God and sharing this with my middle school, junior and senior high students.

I have enjoyed teaching all levels of students

in all areas in the country I have been in. I have especially enjoyed spending the last half of my life in the large city of Minneapolis with students of different cultures, all who were gifts of God given to me to love as Jesus loved us all.
