JUBILEE WISDOM

I am grateful for so many opportunities to grow and to be of service to others in carrying our charism of education and making one.

-Rosemary Hufker, SSND

-formerly S. Mary Christine

Rosemary Hufker, SSND

60 Years

Sister Rosemary served as a teacher at the elementary, secondary and college level for 37 years in Missouri, Illinois and Wisconsin. She also served as an administrator for Maryville College and De LaSalle Middle School in St. Louis. She was the co-director of Community Creativity Inc. in Washington, DC; director of Maria Center when it was a continuing education center on the School Sisters of Notre Dame St. Louis campus; and coordinator of Maria Center when it was a conference and rental facility, also on the St. Louis campus. Currently she serves as an education consultant. Sister Rosemary received a bachelor's in Latin from the former Notre Dame College in St. Louis, a master's in French from the University of Notre Dame in Indiana, and a doctorate in higher education from St. Louis University.

A blessing of these years I want to share is

attuning me to relationships: of being in relation to the dynamic Triune God, particularly expressed in the historical Jesus and the Cosmic Christ, of being in relation to all creation, particularly, the spiritual and physical dimensions. How awesome!

The wisdom I would like to share is

looking backward and forward knowing I am co-creating with God and others the next steps of knowing some and more manifestations of an infinite God.

I am grateful for so many opportunities to grow and to be of service to others in carrying our charism of education and making one.
