## Eva Manney, SSND

*70 Years*

**Sister Eva** began her ministry as a School Sister of Notre Dame as a community member at John Ireland School in St. Peter, Minnesota. She would spend the next 48 years in community service for SSND communities in St. Paul, Mankato and Bird Island, Minnesota. In 1990, Sister Eva joined the pastoral ministry team at St. Mary Parish in Worthington, Minnesota. After 10 years in parish ministry, she returned to Our Lady of Good Council in Mankato to once again minister through community service. Retired from full-time ministry, Sister Eva continues to serve through prayer and presence.

### **Jubilee is a year of celebrating God's call, fidelity and grace.**

I feel graced to be faithful all these years and feel blessed to have been graced with a listening heart.

### **While I have loved all my ministries,**

I have loved most my years in our infirmary as a nurse's assistant with our Sisters. There were so many beautiful, elder women that taught me, as a younger Sister, so much about living and appreciating religious life. I saw transformation in many ways that touched me greatly.
