

# 2013 Jubilee

First Profession  
July 19, 1953

## JUBILEE WISDOM

*Look for Christ in every person's face and His love will be reflected in yours.*

**-M. Agnes Claire  
Krogman, SSND**

## M. Agnes Claire Krogman, SSND

*60 years*

*Sister M. Agnes Claire began her teaching ministry in intermediate grades and junior high in schools in Minnesota and Iowa. Then her skills were used for 12 years in both teaching and administration in elementary schools. Thirteen more years as a teacher rounded out her classroom ministry. During all those years she also taught piano and was a parish musician. A change brought her to the position of coordinator of Meals on Wheels at St. Mary's Home in St. Paul, Minnesota, as well as being the musician for liturgical services. The next 17 years she was a parish worker and musician at two parishes in southeastern Minnesota. Sister M. Agnes Claire retired to Good Counsel in January of her diamond jubilee year.*

### **A blessing of these years I want to share is**

Being a member of the School Sisters of Notre Dame and sharing life with so many loving and gifted Sisters. My call to serve in many small parishes, communities and schools has been an honor and a joy.

### **A talent I want to share about is music.**

This gift has always been an integral part in my life. Playing the organ or keyboard, directing grade school, high school and parish choirs, teaching classroom music, and giving piano lessons were always a special part of my ministry. It is my privilege in retirement, to continue playing the organ and/or piano for liturgical services at the Hill.

### **A precious memory I have is the day of recollection**

I was privileged to spend at the Shrine of Our Lady of Knock in Ireland. It was in inspiration to participate in the liturgy and witness the faith of the worshippers in the church where Our Lady once appeared. It was a grace-filled way of spending my 70th birthday.
