JUBILEE WISDOM

*I loved teaching and I love
the community members
living in community with me!*

**-Mary Paul
Holdmeyer, SSND**

Mary Paul Holdmeyer, SSND

60 Years

Sister Mary Paul served as a teacher in Missouri, Illinois and California for 46 years. She was the director of initial formation for the former St. Louis Province from 1974-79. From 2004-09, she was a tutor/teacher for the former Notre Dame Learning Center in St. Louis. She currently is a tutor for Notre Dame High School in St. Louis. She received a bachelor's in natural science from the former Notre Dame College in St. Louis and a master's in mathematics from the University of Illinois-Urbana.

A blessing of these years I want to share is God's faithful love.

I taught about 50 some years in high schools and am currently helping Sister Celine in the physics and chemistry labs at Notre Dame, along with tutoring. My first year as an SSND I taught second grade but was assigned to high school because science and math teachers were in need!

The wisdom I would like to share is I loved teaching

and I love the community members living in community with me!
