JUBILEE WISDOM

*Be in touch with
our heavenly Father.
God is great and
he loves us!*

-Virgene Pable, SSND

Virgene Pable, SSND

70 Years

Sister Virgene served for 35 years as a teacher of primary level students. In Chicago, she taught at St. Alphonsus, Santa Maria Incoronata, Santa Lucia and St. John De La Salle. Her Wisconsin school locations were Holy Angels, West Bend; St. Joseph, Oconto; St. Dominic, Brookfield, St. John Kanty, Milwaukee; Holy Cross Consolidated Schools, Mount Calvary; and St. Nicholas, Freedom. She earned a bachelor's in education and English from Mount Mary College in Milwaukee. Sister Virgene retired from education ministry to Our Lady of Mount Carmel in Mount Calvary, Wisconsin, where she offered community service from 1978-89 and served through prayer and presence from 1989-2012. She joined the Notre Dame of Elm Grove community in 2012, where she continues to offer her prayer and presence.

It is by God's first call and being faithful in my fidelity to him

that my religious life has been blessed. Prayer, rules and regulations are very important to reach my goal. When using these God-given gifts, I feel at peace. Grace is very special for me.

The wisdom I would like to share is

we all have an inner feeling of how our lives could be, if we would always be in touch with our heavenly Father. God is great and he loves us!

I was drawn to the School Sisters of Notre Dame

because of their kindness, compassion and the great education from primary through college years.

These words are constantly before me—

kindness, kindness and understanding of myself and all the people. Another quality is patience. How much that is needed today!

I am grateful, happy and proud

to have had so many years with our wonderful sisters.
