JUBILEE WISDOM

*You say forever and live it
one day at a time.*

**-Elizabeth Anne
Swartz, SSND**

-formerly S. Maureen Henry

Elizabeth Anne Swartz, SSND

50 Years

Sister Elizabeth Anne began her ministry in elementary education in Cumberland, Maryland; Washington, District of Columbia; Coolidge, Arizona; Dallas, Texas. She taught primary, intermediate, middle grade students. Sister Elizabeth Anne then served in administration in elementary schools in San Antonio, Texas and Glendale, Texas. After her years in elementary education, she moved into the superintendent's office in the Archdiocese of San Antonio. Sister Elizabeth Ann is currently superintendent of schools for the Diocese of El Paso and the Diocese of San Angelo, Texas.

A blessing of these years I want to share...

It has truly been a life-long process of being and becoming. All the places where I have served and the communities I have lived in have brought me to this day. I have received many blessings and felt God's grace in my life on many occasions.

Someone very wise told me,

"You say forever and live it one day at a time."

From my many experiences, I've developed a world vision and appreciate the opportunities to experience many different cultures. I have served as a teacher, principal, associate superintendent and superintendent in two dioceses at the same time. I have taken advantage of SSND programs with Global Awareness Program, Jubilee Program in Rome, visiting Austria and Germany, the Japan Summer Program, guest at a Muslim community for a trip to Turkey, pilgrimage to Marian sites in Portugal, Spain and France.
