JUBILEE WISDOM

*You can't do everything.
Take it one day at a time...*

Evelyn Ulmen, SSND

60 Years

Sister Evelyn began her ministries as a primary and intermediate classroom teacher in Iowa and Minnesota. Her talents as a secretary came to the fore and by 1974 she was a part of the secretarial staff in various schools. This led to her position as the secretary to the provincial councilors in Mankato for eight years, 1995-2003. Since then Sister Evelyn has done community service at Good Counsel, principally in the liturgy office.

A blessing of these years I want to share is making and keeping friends with so many sisters. There is always someone there when you want to share or need a friend who is always available.

The wisdom I would like to share is making good friends with so many of the sisters. You can't do everything. Take it one day at a time, doing your best at whatever you are called to do.
