## Lucille Dehen, SSND

*60 Years*

**Sister Lucille**, after 19 years teaching primary students in Minnesota and North Dakota, began approximately as many years in administration in the elementary schools. All these experiences took her to Washington State as well as Minnesota. Next she became the administrator of the Learning Center at Good Counsel. Eleven years later, Sister Lucille enjoyed a sabbatical at Weston School of Theology and other locations. This was followed by three years in the foster grandparent program in the Mankato Area Catholic Schools. After a year in an SSND school in Hungary, Sister Lucille now continues as a tutor in the Learning Center.

**A blessing of these years I want to share is** the many opportunities to grow with others through teaching in and administering in schools and the Good Counsel Learning Center.

**A treasured experience for me was** living and teaching in Mako, Hungary. Teaching English to our students, sisters and parents in St. Stephen School was a privilege and honor. The blessings and memories of that year, 2010-11, will remain with me forever. A treasure for me now is teaching English in the Good Counsel Learning Center to our many immigrant students from East African countries.
