JUBILEE WISDOM

*Community is a blessing in
these years of my life.*

Audrey Herr, SSND

70 Years

Sister Audrey Herr was involved in all levels of educational ministry in a variety of settings. She began in elementary education in Breese, Illinois and onto secondary education as a teacher in schools in Quincy, Illinois; Westphalia and St. Louis, Missouri. Sister Audrey then returned to teaching and administrative positions in Fort Madison, Iowa; St. Charles, Missouri; Chatawa, Mississippi; New Orleans, Louisiana. She moved into university ministry as a Director of Counseling in a Davenport, Iowa college and administration at a Boston, Massachusetts college. Sister Audrey ministers in prayer and presence in Chatawa, Mississippi.

A blessing of these years I want to share is 70 years of community.

What drew me to SSND were the beautiful examples the sisters provided. My years at Redemptorist High School in the Irish channel in New Orleans offered especially meaningful ministry experiences as well as serving at institutions of higher education for 20 years.
