JUBILEE WISDOM

*Respect people and
treat them carefully.*

-Regina Miller, SSND

Regina Miller, SSND

75 Years

Sister Regina ministered in education for 54 years as a teacher and principal for elementary schools. In Wisconsin she served at St. Anne, St. Augustine, Holy Cross and St. Nicholas in Milwaukee; St. George in Kenosha; and St. Francis Xavier in Green Bay. Her last classroom post was at St. Mary in Alexandria, Indiana. She was also called to congregational ministry, serving on the staff of the motherhouse of the former Milwaukee Province for five years. Sister Regina earned a bachelor's degree in English from Mount Mary College in Milwaukee and a master's degree in educational administration from Loras College in Dubuque, Iowa. Since her retirement in 1996, she has served through volunteer ministry and by her prayer and presence.

A blessing of the years... People have been good to me. My family has been especially good to me!

The wisdom I would like to share... Respect people and treat them carefully. Listen and don't turn them off right away. Give a good example.
