JUBILEE WISDOM

*"I have been graced with
a new level of awareness
and gratitude for the
many diverse cultures
throughout the world."*

**- Domenica Tocco
SSND**

Domenica Tocco, SSND

60 Years

Sister Domenica served for her entire active ministry in elementary education. From 1956-1969, she taught at Catholic grade schools in Greenville, Wisconsin; Chicago, Illinois; and Grand Rapids, Michigan. She returned to her hometown of Detroit, and served for the next 32 years at East Vicariate Elementary School. From 2004-2008 she taught at East Catholic Elementary. In 2008, 52 years after her first teaching assignment, she moved to Roseville, Michigan, where she now devotes her days to prayer and presence. Sister Domenica earned a bachelor's in education from Mount Mary College in Milwaukee.

A blessing of these years I want to share is ...

It has been a tremendous gift for me to teach young students from diverse backgrounds in the inner city of Detroit. I admire and keep in prayer all the children who face many challenges in life. I learned from the African American students who were very open, loving and outgoing. My experience as a primary teacher was graced with a new level of awareness and gratitude for the many diverse cultures in our country and throughout the world.

The words of wisdom I would like to share ...

Let us learn together about the many gifts of all cultures.
