Sister Mary Benedette Fujimori, SSND 60 Years

Sister Mary Benedette began her ministries with office work at the schools. She catechized in parish church ministries and community service in Nagoya and Kyoto for a short time. She served many years as the mistress of the boardinghouse of Notre Dame Girls High School (now Notre Dame Jogakuin Junior and Senior High School) in Kyoto. She took care of the students with a motherly heart. During those years she taught calligraphy and flower arrangement to the people. She was missioned in Korea for two years. Before she entered the order, Sister Mary Benedette graduated from Kasuga secondary school in the old educational system of Japan. While serving in her ministries, she took the correspondence course from Keio University in Minato and received her bachelor's degree.

A blessing of these years I want to share is ...

Throughout my life as a School Sister of Notre Dame, students have touched my heart. They have helped me know what Mother Theresa meant when she encouraged her sisters to take children into their motherly heart. How much those little one have helped me to see God's face in their face.

私のノートルダム会員としての生涯は生徒たちを通して沢山の経験をし感動させられたことが多くでした。"子供たちを母親的愛を持って受け入れなさい"とのマザーテレサのお言葉は私を助けて下さいました。小さい子供たちを通して神をもっと知る事が出来ました。

The wisdom I would like to share is ...

Each moment, each person and each experience is of God's presence. The delicacy of flowers, the grace of calligraphy letters and the journey of parishioners — all reveal more of God with us always.

全ての時間 全てのひと 全ての経験において神の現存を分かせて貰いました。書道 華道 教会の信者を通して神の現存をもっと分かせて頂きました。
