### *A memory I have to share...*

When I was a young sister, I was moved from place to place three years in a row, all because I was the youngest one. There needed to be a cut of personnel, as there was beginning to be a shortage of sisters working in our schools. At the end of that third year, I was once again to be the one who had to leave. But Principal Sister Carleen, and the parish priest wrote to our leadership to ask that I be able to stay for some stability. I was able to stay for four more years, and I will be forever grateful to this sister who watched out for me.
